- > As Andorra is not a member of the EU, the European Health Insurance Card is not valid there.
- It is therefore essential that you have comprehensive travel and medical insurance valid for travel to non-EU countries to help cover any unexpected costs e.g. medical bills, stolen belongings etc.
- > Take enough medication and money to cover any unforeseen extended stays or emergencies. Don't keep all money & credit cards together
- > Keep a photocopy of your passport somewhere safe and send a scanned version of your passport to your email account
- > Drink sensibly (especially at altitude), take care driving and let people know if you plan to go off the beaten track
